

Hailey Ernest

Bellevue, WA | Hailey.ernest@icloud.com | 425-491-0996

EDUCATION

California Polytechnic State University

Master's of Statistics

San Luis Obispo, California

June 2027

California Polytechnic State University

Bachelor's of Statistics & Data Science

San Luis Obispo, California

March 2026

- **Coursework:** Data Science, Machine Learning, Calculus, Linear Algebra, Probability and Statistics, Design and Analysis of Experiments, Economics, Intro to Computer Science, Data Structures, Object-Oriented Programming, Probability Theory, Design and Analysis of Algorithms, and Intro to Databases, Survival Analysis, and Generalized Linear Models
- **Awards/Honors:** Bailey College of Science and Mathematics - Fall 2023 Dean's List, Winter 2024 Dean's List, Fall 2024 Dean's List, Fall 2025 Dean's List

Woodinville High School

High School Diploma

Woodinville, Washington

June 2022

- **Awards/Honors:** Washington State Honors Award

WORK EXPERIENCE

Ondine

Data Science Consultant

Bothell, Washington

September 2024 - Current

- Create and improve data analysis and predictive modeling for R&D sensitive and clinical trial data using Python, Excel, and R.

Ondine

Data Science Intern

Bothell, Washington

June - September 2024

- Created in-depth programs and templates to analyze data from clinical trial labs for pre-surgery infection prevention.
- Data cleaning, transformation, analysis, and user-friendly presentation using Python, Excel, and R.

Aiola

Business Data Analyst Intern

Seattle, Washington

June - September 2023

- Business logic implementation, data transformation, and analysis using Python.

ACADEMIC PROJECTS & ACTIVITIES

Senior Capstone - NASA Ames Research Center

January 2026 - Current

- Built an interpretable machine learning pipeline to identify and differentiate boiling patterns from acoustic data, improving the reliability of early detection in space-based fuel systems
- Acoustic Data-based Characterization of Incipient Boiling for Space Applications Paper

Instructional Student Assistant

September 2025 - Current

- Professor's Assistant for the Statistics Department in Bailey College of Science and Mathematics, Cal Poly.

AWS Cloud Club Captain

March 2024 - Current

President

- Create and present informational events to help members learn new concepts, launch AWS resources, and build working prototypes of real-world applications.

Portfolio App - <https://hailey-ernest-undergrad.streamlit.app/>

September 2022 - March 2026

Personal Project

- Created an app in Python for a personal portfolio of my analytical statistics projects.
- Includes showcases of importing, managing, and cleaning data from a wide variety of data sources. Producing and interpreting graphics for exploratory data analysis and report presentations. Writing efficient and well-documented code for descriptive and inferential statistics.

Interactive Video Game

September - December 2023

Project

- Created a cohesive and creative video game by drawing from scratch characters that interact with each other.
- Used object-oriented concepts and design to implement a moderately sophisticated, large program.

SKILLS & TECHNICAL TOOLS

Computer Languages: Python, Java, R, JMP, SAS, SQL, Scala, Excel

Big Data / Distributed: Apache Spark, Hadoop (HDFS/MapReduce)
